DOORNDRAAI CHAMPIONS!

Every now and again one has to take some time to reflect on the achievements of our stud. In this issue we will have a look at some of these achievements by reflecting on the performance of horses bred by us. The performances below are some of the highlights at shows and competitions in which horses bred by us took part. These performances show that our off spring does not only do well in terms of judging and linear scoring but also in competitions. In our upcoming issues we will reflect on our achievements in breeding over the years. Hope you enjoy our newsletter and may you have a magical Easter.

From The Doorndraai team where quality is our passion
